PROFILE

Highly motivated and detail-oriented Frontend Developer with a passion for creating visually appealing and user-friendly web applications. Proficient in HTML, CSS, JavaScript, and frontend frameworks like React.js. Solid understanding of responsive design principles and cross-browser compatibility. Strong problem-solving skills with a focus on continuous learning and professional growth. Excellent communication skills and ability to work collaboratively in team environments.

EXPERIENCE

Sai Kai Global (USAF), Austin Texas -- *Frontend Engineer*

March 2023 - Present

Building a volunteer management system software.

- Worked on the front end of web applications using React.js, CSS, Javascript, and Tailwind, including creating reusable components, implementing routing and integrating with APIs.
- Worked on the profile section on the VMS platform so that anyone can easily showcase their skills, interests, and volunteer history to potential employers and volunteer organizations.
- Build new features, functionality, and capabilities on the company website using Javascript, ReactJs, and Tailwind CSS.
- Created modular, responsive templates using modern CSS frameworks like TailwindCSS and JavaScript libraries.
- Code review and provide constructive feedback to teammates.
- Engage with and Identify innovative ideas and proof of concepts according to project requirements.
- Refactored HTML, ReactJs, and Tailwind CSS codes to optimize the performance of the page for faster Loading.

ZURI INC. Lagos -- *Frontend Engineer*

March 2021 - December 2022

- I lead the frontend development team during the project's final phase, providing technical guidance and overseeing the implementation of key features for a hang-out app.
- Shipped features and collaborated closely with UI/UX designers to translate mockups and wireframes into fully functional and visually appealing front-end components.
- Conducted code reviews and implemented best practices to ensure good code quality, maintainability, and scalability of the frontend codebase.
- Actively participated in team meetings, providing insights and suggestions to improve the overall user experience and front-end development process.
